

RILEM Membership Benefits

Permanent access to state-of-the-art knowledge, international contacts and high-level publishing outlets under peer-referral add up to make RILEM membership a standard ingredient for career enhancement and recognition in the fields of both Materials Science and Construction. RILEM's membership pattern is dual: Individual Memberships are available in Senior, Affiliate and Student categories, while Corporate Memberships are available in Titular, Industrial and Associate Memberships. Special discount fee is applicable for countries according to their GDP. The list of countries and related discount is given in a separate table at the end of this document (please apply for your possible discount in case your country is not listed).

Membership Categories	2010 MEMBERSHIP BENEFITS
INDIVIDUAL	
	<i>Common Benefits:</i>
	<ul style="list-style-type: none"> • Possible membership in a RILEM Technical Committee • Access to the private Web directories restricted to RILEM Members • RILEM Directory of Members (online version) • RILEM Newsletters and Reports • Personal access to online articles published at http://www.rilem.net/publications.php • Reduced fees for RILEM events (in general 10%, submitted to decision of local organisers) • 30% discount on print publications
STUDENT MEMBER	<i>Common Benefits plus:</i>
75 EUROS	<ul style="list-style-type: none"> • Special access to Materials and Structures on line (including Online First and back files issues) <p style="text-align: center;">including subscription to online version of <i>Materials and Structures</i> Journal</p>
<p>A STUDENT MEMBER is a student under the age of 29 (including PhD students), who is still in the course of studying and actually following courses.</p>	
AFFILIATE MEMBER	<i>Common Benefits, plus:</i>
326 EUROS	Subscription to the online version of <i>Materials and Structures</i> Journal, including online access to 5 other journals
<p>An AFFILIATE MEMBER is a young research scientist or engineer who is at the early stage of his career (under the age of 35).</p>	
SENIOR MEMBER	<i>Common Benefits, plus:</i>
401 EUROS	Subscription to the printed version of <i>Materials and Structures</i> Journal, including online access to 5 other journals
<p>A SENIOR MEMBER is an experienced scientist or engineer, having reached a position of responsibility and recognised expertise in a public or private organisation or company concerned with testing or research in the field of building materials and structures.</p>	

Membership Categories	2010 MEMBERSHIP BENEFITS
CORPORATE
