INTERNATIONAL CONFERENCE

Sustainable Production and use of
Cement and Concrete

June
23 – 30
2019

Cayo Santa Maria
CUBA

Important Dates

Abstracts Deadline **25 February 2019**

Acceptance **25 February 2019**

Final extender abstract **1 April 2019**

Courses Pre-event **21-22 June 2019**

Conference **23-30 June 2019**

Pre-Event Course

Friday 21.06.2019			Saturday 22.06.2019		
9:00	10:30	Conferences	9:00	10:30	Practical activity in the CE QA Pilot Plant
10:30	11:00	Coffe-Break	10:30	11:00	Practical activity in the CIDEM's Laboratories
11:00	12:40	Conferences	11:00	12:40	Practical activity in the CE QA Pilot Plant
12:40	14:00	Lunch	12:40	14:00	Practical activity in the CIDEM's Laboratories
14:00	16:00	Conferences			Lunch
16:00	16:30	Coffe-Break			
16:30	18:00	Conferences	19:00	21:00	Joint Dinner- Course Conclusions

Registration Fees

Delegate	Companion	Posgrad Student
\$ 400 .00 CUC hasta del 23/05/2019	\$ 100 .00 CUC hasta del 23/05/2019	\$ 200 .00 CUC hasta del 23/05/2019
\$ 450 .00 CUC después del 23/05/2019	\$ 150 .00 CUC después del 23/05/2019	\$ 250 .00 CUC después del 23/05/2019
Undergrad Student	Non-contact participant	Commercial Exhibitor
\$ 150 .00 CUC hasta del 23/05/2019	\$ 100 .00 CUC hasta del 23/05/2019	\$ 150 .00 CUC hasta del 23/05/2019
\$ 200 .00 CUC después del 23/05/2019	\$ 150 .00 CUC después del 23/05/2019	\$ 200 .00 CUC después del 23/05/2019

If you want to make your accreditation you can contact through www.convencionuclv.com

Conference General Program

Monday 24.06.2019		Tuesday 25.06.2019		Wednesday 26.06.2019		Thursday 27.06.2019		Friday 28.06.2019	
08:00	11:00	Participants Accreditation at UCLV	09:00 09:30	Keynote Conference Opening Prof. PhD. Fernando Martirena	09:00 09:30	Keynote Conference G. Habelt		09:00	11:30
12:30	13:30	II UCLV International Conference Opening Gala II	09:30 10:30	Session 1: Cement	09:30 10:30	Session 3: Impacts			
13:30	15:00	Lunch	10:30 11:00	Coffe-Break	10:30 11:00	Coffe-Break		11:45	13:30
15:00	15:45	Santa Clara City and Che Guevara's Square Visit	11:00 12:40	Session 1: Cement	11:00 12:40	Session 3: Impacts			
16:00	18:00	Departure to Northern Keys	12:40 15:00	Lunch	12:40 15:00	Lunch		13:30	15:00
18:00	22:00	Hotel Reception	15:00 16:00	Session 2: Keynote Conference on Concrete. B. Mildon	15:00 16:00	Session 4: Keynote Conference on Useful Life. R. Torrent			
			16:00 16:30	Coffe-Break	16:00 16:30	Coffe-Break		15:00	Participants departure to Santa Clara
			16:30 17:30	Session 2: Concrete	16:30 17:30	Session 4: Useful Life			
			19:00	Joint dinner with the Participants	17:30 18:00	Conference Closing			
22:00		Welcoming Cocktail			20:00 21:00	Salsa Classes			

TOPICS

- Present tendencies in sustainable production of low carbon cements.
- Novelties in development of Supplementary Cementitious Materials. Calcined clays, natural pozzolans, fly ashes, blast furnace slags.
- New techniques of microstructural characterization of construction materials.
- Portland base and Alkaline activated cementitious systems.
- Development and use of additives and additions in the sustainable production of concretes.
- Sustainable production of high-performance concrete.
- Durable concretes produced with recycled aggregates.
- Development of mortars to historical patrimony restauration.
 - From microstructure to concrete durability.
- Sustainability vs. useful service life in concrete for infrastructure works.
- Environmental and economic assessment of production and use of cement

Accepted 6 pages extended abstracts* from the conference will be published by SPRINGER as a proceedings book volume and will be indexed in Scopus.
