

# Young Researchers' Symposium (YRS) 2024

January 28, 2024 📍 IC&SR Auditorium, IIT Madras, Chennai, India

Indian Institute of  
Technology Madras

Technologies for  
Low-Carbon and Lean  
Construction

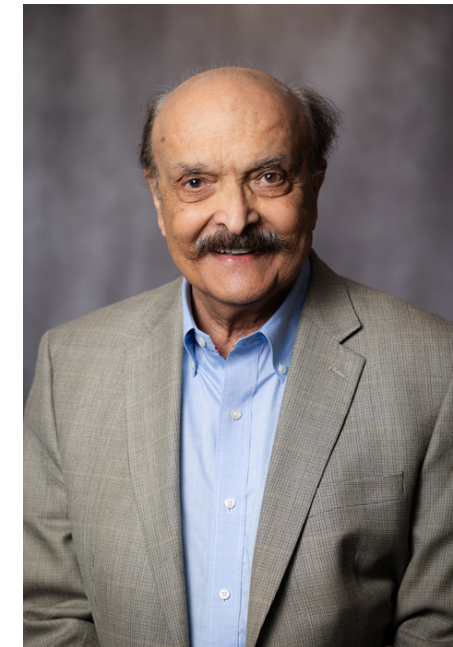

## About the Symposium

YRS is a PhD Symposium on Technologies for Low-Carbon & Lean Construction (TLC2) to be held (in-person) on Sunday, 28th January 2024.

The symposium will provide a premium forum for young researchers to present advances and research results in the construction materials and management sector, interact with peers and experts, and network during the event.

BEST YRS SPEAKER WILL RECEIVE  
**THE PROF. SURENDRA P. SHAH AWARD**  
ON TECHNOLOGIES FOR LOW-CARBON  
AND LEAN CONSTRUCTION (TLC2) - 2024

Prof. Surendra P. Shah  
University of Texas at Arlington, USA  
Distinguished Professor, IIT Madras

- Based on abstract submission and five minute videos about the PhD work, YRS speakers have been selected for this year.
- YRS event includes a poster presentation session for MS & PhD students working in TLC2 areas
- Posters will be judged for the 'Best Poster Award' during the YRS 2024
