## FIRST CALL FOR PAPERS

# 14<sup>th</sup> International Conference on Civil Engineering, Infrastructure and Environment

## IC - CEIE 2025 HYBRID CONFERENCE

**October 23 - 25, 2025, UBT Science and  
Innovation Park, Prishtinë, Kosovo**

### Organizers:

**UBT- Faculty of Civil Engineering, Infrastructure**

### Co-organizers:

**KA-SIM** –Kosova Association for Modeling and Simulation

### Co-sponsor

**RILEM** The International Union of Laboratories and Experts  
in Construction Materials, Systems and Structures

**ES** -Federation of European Simulation Societies

**EUCEET** – European Civil Engineering Education and  
Training

**OIK** – Kosovo Chamber of Engineers (in progress)

### Invitation to IC-CEIE 2025:

It is our pleasure to invite you to participate in our 14<sup>th</sup> International Civil Engineering, Infrastructure and Environment Conference (IC-CEIE). IC-CEIE is an international peer reviewed conference which publishes the work of the scientists as well as practitioners in interested areas.

This Conference is part of 14<sup>th</sup> UBT International Conference for Business, technology and Innovation. The main focus on this year will be: [Sustainability and adaptability to new technologies in Civil Engineering, Infrastructure and Environment](#)

### Scope and Objectives:

The aim of the conference is to facilitate the exchange of knowledge between innovative academics, post-graduate students, doctoral candidates, young researchers, researchers and industrial experts and to share views and experiences in the related areas.

The range of topics (but is not limited)  
considered by the Conference will include:

- Structural Engineering
- Transportation Engineering, Traffic and Urban Infrastructures
- Hydraulics and Water Resources Engineering
- Geotechnical Engineering
- Environmental Engineering
- Construction Management
- Sustainable urban landscape and development

- Innovation and Technology in Civil Engineering
- Advancements and Innovations in Sustainable Construction Materials for Civil Engineering
- Architecture engineering and sustainable development
- Bridge Engineering
- Concrete Technology
- Earthquake Engineering
- Infrastructure Engineering
- Geophysical Applications in Civil Engineering
- Surveying, Geodesy and Geomatic
- GIS systems focusing on their application in civil engineering
- Materials and Construction Life Cycle Assessment (LCA)
- Modular and Prefabricated Construction Durability and Maintenance
- Water, Waste and Environment Management
- Sustainable Transport Technologies  
Energy Efficiency and Construction Materials
- Concrete technology, durability and advanced material testing
- Innovative building methods
- Sustainability and life-cycle assessment of concrete materials and structures

### Paper submission:

The submitted material for presentation in our conference must be original, not published or being considered elsewhere. The maximum length of the paper is 6 pages. For details regarding the accepted standards please visit our website. The papers that do not fulfill the format criteria will not be considered. RILEM will award the best paper of the IC-CEIE 2025.

### Publication Opportunities:

All accepted papers for presentation will be published in peer reviewed conference proceedings and they will be hosted on-line on our conference website. The presented papers will be further considered for possible publication in International Journal of Business and Technology (ISSN 2223-8387), Simulation Notes Europe (ISSN 2306-0271) and other partner and related journals. The published articles will be provided a DOI number by UBT.
