Accommodations:

Bologna is very touristic and you can actually choose your preferred Hotel or B&B looking at the BOOKING map or similar. Anything inside the historical ring road of Bologna would be at a walking distance from Viale Risorgimento 2.

Suggestions are: Hotel Accademia, Hotel Tre Vecchi, Albergo Drapperie, Art Hotel Orologio, Hotel Porta San Mamolo. You can also find very good Apartments or B&Bs not far from the School.

Suggestion: save some time to visit the city centre that will have a very nice Xmas atmosphere!

Transportation:
