

Third announcement & call for abstracts

5th International Conference on Sustainable Construction Materials and Technologies (SCMT5)

Kingston University London, UK | 14 - 17 July 2019

We are pleased to announce our fifth conference (SCMT5) will be held in the UK at Kingston University London.

The conference will be held on 15-17 July 2019, with registration and a welcome reception on 14 July.

Conference Themes

- ⇒ Efficient & Sustainable Use of Construction Materials
- ⇒ Technological Advances for Sustainable Practice
- ⇒ Designing Structures and Buildings for Sustainability
- ⇒ Regulatory Framework and Government Initiatives

Abstract Submission & Key Dates

Abstracts of 200 - 300 words may be submitted online via the [conference webpage](#) or via email to:

kingstonuniversityeventsSEC@kingston.ac.uk

28 August 2018	Submission of abstracts (extended)
30 November 2018	Submission of draft papers
28 January 2019	Paper acceptance
11 March 2019	Submission of final papers

Language: The conference will be presented in English.

In addition to papers presenting new research, we would welcome tightly focussed review papers based on carefully selected references from the existing literature.

Proposals for special named sessions presenting papers from organisations, departments or research programmes would be most welcome. A minimum of five papers would be required. For more details please email:

kingstonuniversityeventsSEC@kingston.ac.uk.

All accepted final papers will be published on the [SCMT conference website](#).

We are pleased to announce...

- ◆ We have received abstracts from 30 countries so far. Therefore, this Fifth International Conference will again be a truly international event.
- ◆ In response to a number of requests, we have decided to extend the submission date for abstracts to the 28th August 2018 and are still happy to receive quality submissions.
- ◆ We are pleased to announce sponsorship for this conference from the Institution of Civil Engineers (UK), the Canadian Society of Civil Engineers, the American Concrete Institute and the American Society of Civil Engineers:

Visit the [SCMT conference series website](#) for details of past conferences and papers which you can download or purchase as volumes of proceedings.

Sponsorship

Sponsorships are requested to support the conference. All sponsors will be recognised during the session events. There are several categories of sponsorships - for further information please email:

kingstonuniversityeventsSEC@kingston.ac.uk

Conference Fees

	1 delegate	2 delegates	3 or more delegates
Early delegate registration*	£445	£425	£395
Delegate registration	£495	£475	£450
Early author registration*	£395	£375	£350
Author registration	£425	£405	£395
Student registration	£350	£325	£315

The fee will include all lunches, teas/coffees, speakers' breakfasts and e-proceedings as well as attendance at the presentations and exhibition. The conference banquet will be offered at the subsidised rate of £50.00 per person.

**on or before 15 February 2019*

Conference Programme

Date	Activity
Sunday 14	Registration & Welcome Reception
Monday 15	Registration, opening plenary session and parallel paper sessions
Tuesday 16	Parallel paper sessions Evening: Conference Banquet
Wednesday 17	Parallel paper sessions and closing plenary session

Exhibitions / Trade Fair

There will be a concurrent exhibition relating to the subject area and this trade fair has been the focal point at the events in the past. This will provide an opportunity for concrete manufacturers, materials suppliers, contractors, publishers, research, educational and professional institutions/companies to display their latest products and services in the field related to the conference themes. For further information or to reserve an exhibition space: kingstonuniversityeventsSEC@kingston.ac.uk

Accommodation

The Conference Organising Committee is currently negotiating specially discounted rates for delegates. Details of these will be circulated in November 2018.

Travelling to Kingston

The university is based in Kingston upon Thames, a busy riverside town on the borders of London and Surrey in the United Kingdom.

You can drive here within 40-50 minutes from either of the following airports: [London Heathrow](#) (LHR) or [London Gatwick](#) (LGW). You can find directions by rail, bus and road via the [university's webpage](#).

Organisers

The conference will be run by our host, Professor Mukesh Limbachiya (M.Limbachiya@kingston.ac.uk) along with conference organisers Professor Eshmaiel Ganjian (e.ganjian@coventry.ac.uk) and Professor Peter Claisse (pete@claisse.info).

INTERNATIONAL ADVISORY COMMITTEE MEMBERS:

Prof. Tarun Naik, University of Wisconsin, USA
Prof. Antonio Nanni, University of Miami, USA
Prof. Jin-guang Teng, Hong Kong Polytechnic University, Hong Kong, China
Prof. Nader Ghafoori, University of Nevada, USA
Prof. Syed Faiz Ahmad, Lievense Arabia, Saudi Arabia
Prof. Tim Ibell Freng, University of Cambridge, UK
Prof. Venkatarama Reddy B.V., Indian Institute of Science Bangalore, India

TECHNICAL COMMITTEE MEMBERS:

Prof. Ali Akbar Ramezaniapour, Amirkabir University of Technology, Iran
Prof. Antonio Nanni, University of Miami, USA
Prof. Antonio Telesca, Basilicata University, Potenza, Italy
Dr. Bruce W. Ramme, We Energies, Wisconsin, USA
Dr. Charles Weiss, USACE Engineer Research & Development Center, Mississippi, USA
Prof. Chris Cheesman, Imperial College, London, UK
Prof. Chun Qing Li, RMIT University, Melbourne, Australia
Dr. Fethullah Canpolat, Yildiz Technical University, Istanbul, Turkey
Prof. Gai-Fei Peng, Beijing Jiaotong University, China
Prof. Harald Justnes, SINTEF Building and Infrastructure, Norway
Prof. Hiroshi Yokota, Hokkaido University, Japan
Prof. Jamal Khatib, Beirut Arab University, Lebanon
Prof. John Forth, University of Leeds, UK
Prof. Julia Stegmann, University College London, UK
Prof. Kamal Khayat, Center for Infrastructure Engineering Studies, Missouri, USA
Prof. Konstantin Kovler, Technion Institute of Technology, Israel
Dr. Konstantinos Papadikis, Xi'an Jiaotong-Liverpool University, Suzhou, China
Prof. Marios Soutsos, Queen's University, Belfast, UK
Prof. Mark Tyrer, Built & Natural Environment Research Centre, Coventry, UK
Prof. Michael McGinnis, University Boulevard, Tyler, Texas
Prof. Milena Marroccoli, Basilicata University, Potenza, Italy
Prof. Moncef Nehdi, Western University, Canada
Prof. Nemkumar Banthia, University of British Columbia, Canada
Prof. Pietro Lura, Swiss Federal Laboratories for Materials Science and Technology, Dübendorf, Switzerland
Prof. Sunny Nwaubani, University of the Witwatersrand, South Africa
Mr. Syed Faiz Ahmad, Chief Structural Engineer at Saudi Oger Ltd, Saudi Arabia
Prof. Tony Parry, Nottingham Transportation Engineering Centre, UK
