

American Concrete Institute
Always advancing

After the large success of the last conference in Montreal in 2017,
we have a pleasure to invite you to the

ICCM2020

ACI/RILEM INTERNATIONAL CONFERENCE ON CEMENTITIOUS MATERIALS AND ALTERNATIVE BINDERS FOR SUSTAINABLE CONCRETE

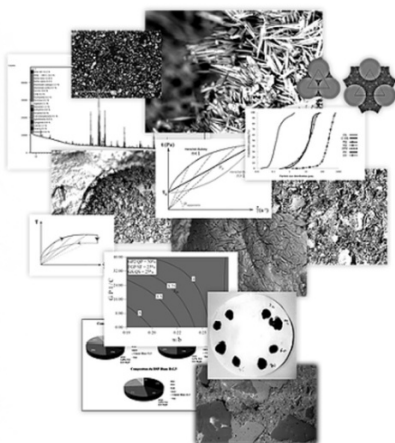

to be held in Toulouse, France,

from **June 29** to **July 1st, 2020!**

The purpose of this international conference is to present the latest available scientific and technical information in the field of supplementary cementitious materials and novel binders for use in concrete.

The new aspect of this edition is to highlight advances in the field of alternative and sustainable binders and supplementary cementitious materials, for which the research is growing in importance.

Original papers on all aspects of pozzolans, mineral admixtures, standard and alternative supplementary cementitious materials are invited to be presented at the conference and be published in the proceedings.

Key topics

- Microstructure and hydration
- Multi-component binder systems
- Alternative supplementary cementitious materials
- Alkali activated materials
- Alternative binders
- Nanomaterials
- Chemical admixtures
- Concrete mix designs for sustainable development
- Rheology
- Curing techniques
- Mechanical performances and durability
- Modeling of concrete properties
- Life-cycle analysis
- Service life
- Standard and test method development
- Case studies
- Special concrete
- Biosourced materials
- Recycled materials

Important Dates

Submission of abstracts
April 1st, 2019

Notification of acceptance of abstracts
April 15th, 2019

Submission of full manuscripts
October 1st, 2019

Conference
From June 29 to July 1st, 2020

Conference Committees

Conference Chair

Arezki Tagnit-Hamou

Université de Sherbrooke, Sherbrooke, QC.

Honorary Advisory Committee

V. Mohan Malhotra Consultant, Ottawa, ON, Canada
Nelu Spiratos Prodem International Inc., Brossard, QC, Canada

Local Organizing Committee

Martin Cyr (Chair) Université de Toulouse, Toulouse, France
Cédric Patapy Université de Toulouse, Toulouse, France
Gabriel Samson Université de Toulouse, Toulouse, France
Laurie Lacarriere Université de Toulouse, Toulouse, France
Julie Hot Université de Toulouse, Toulouse, France

Organizing Committee

Claude Bédard Euclid Chemical, QC, Canada
Benoit Fournier Université Laval, Québec, QC, Canada
Richard Gagné Université de Sherbrooke, QC, Canada
Terence Holland (ACI liaison) Concrete Terry LLC, OH, U.S.A
Carmel Jolicoeur Université de Sherbrooke, QC, Canada
Kamal Khayat (RILEM liaison) Missouri University of Science & Technology, MO, U.S.A
Arezki Tagnit-Hamou Université de Sherbrooke, QC, Canada
Pierre-Claver Nkinamubanzi NRC, Ontario, Canada

Steering Committee

Claude Bédard, Euclid Chemical, QC, Canada
Martin Cyr (Chair) Université de Toulouse, Toulouse, France
Benoit Fournier, Université Laval, Québec, QC, Canada
Richard Gagné, Université de Sherbrooke, Sherbrooke, QC, Canada
Terence Holland (ACI liaison), Concrete Terry LLC, OH, U.S.A
Kamal Khayat (RILEM liaison), Missouri U of Science & Technology, MO, U.S.A
Pierre-Claver Nkinamubanzi, NRC-CNRC, Canada
Arezki Tagnit-Hamou, Université de Sherbrooke, Sherbrooke, QC, Canada

International Scientific Committee

Nemkumar Banthia, University of British Columbia, Canada
Vlastimil Bilek, ZPSV, Czech Republic
Luigi Coppola, UNIBG, Bergamo, Italy
Martin Cyr, INSA-Toulouse, France
Loïc Divet, IFSTTAR, France
Josée Duchesne, Université Laval, Canada
Alejandro Durán-Herrera, Universidad Autónoma de Nuevo León, Mexico
Maria Juenger, The University of Texas at Austin, USA
Harald Justnes, SINTEF, Norway
Fernando Martirena, Universidad Central de las Villas, Cuba
Robert J. Flatt, ETH Zürich, Switzerland
R. Doug Hooton, University of Toronto, Canada
Ahmed Loukili, Ecole Centrale de Nantes, France
Thomas Matschei, University of Applied Sciences, Dresden, Germany
John Provis, University of Sheffield, UK
Francisca Puertas, Eduardo Torroja Institute for Construction Sciences, Spain
Wolfram Schmidt, BAM, Berlin
Caijun Shi, Hunan University, China
Jørgen Skibsted, Aarhus University, Denmark
Konstantin Sobolev, University of Wisconsin Milwaukee, USA
Mohammed Sonebi, Queen's University of Belfast, UK
Michael Thomas, University of New Brunswick, Canada

Venue

Welcome to Toulouse !

Toulouse is a lively city with about 500,000 inhabitants. There are main possibilities for accommodation and public transport. To make it easier for you to find your way, this note gives you some basic information to organize your trip.

How to get to Toulouse ?

Toulouse has two main long distance transport hubs: the Airport (direct connection with the city center by tram) in the suburb of Matabiau and the Toulouse-Matabiau railway station, with the long distance bus station right next to it.
