

The northernmost University of Technology in Scandinavia
World-class research and education

**1st INTERNATIONAL CONFERENCE
on Smart Materials for Sustainable Construction**

SMASCO2019

10-12 December 2019, Luleå, Sweden

First Announcement and call for abstracts!

Topics:

- Sustainable construction materials
- Clean production technologies in construction industry
- Smart construction materials

Website:

ltu.se/SMASCO

LULEÅ
UNIVERSITY
OF TECHNOLOGY

The leading aim is to present current developments on smart building materials and on how to utilize and maximize their positive impact on the sustainability.

The conference will facilitate discussions and networking for academia and industry.

All accepted abstracts will be published in MDPI Proceedings (ISSN 2504-3900) open access journal.
