## “ Welcome to the UHPC2020

Ultra-high performance concrete (UHPC) is progressively used in engineering for its ultra-high strength, high toughness and excellent durability. After the 1st conference (UHPC2016-China) in Changsha and the 2nd one in Fuzhou, the 3rd ACF/HNU international conference on UHPC materials and structures will be held in Nanjing in October 29 to November 1, 2020. This conference aims at promoting the research, design and applications of UHPC. Researchers, engineers, and construction experts in the related field are welcomed.

### Conference Topics

Raw Materials and Mixture Design  
Rheological Properties and Flowability  
Preparation and Mechanical Properties  
Volume Stability and Durability  
Microstructure and Fiber Reinforcement  
Behaviors of Elements and Structures  
New Structures  
Application in Existing Structures  
Guidelines and Specification

### Conference Chairmen

Caijun Shi      Hunan University, China  
Jiaping Liu     Southeast University, China

### Advisory Committee
