3rd CALL FOR PAPERS

13th International Conference on Civil Engineering, Infrastructure and Environment

IC -CEIE 2024 HYBRID CONFERENCE

October 25-27, UBT Science and Innovation Park, 2024,
Prishtinë, Kosovo

Organizers:

UBT-Faculty of Civil Engineering, Infrastructure and Environment

Co-organizers:

KA-SIM –Kosova Association for Modeling and Simulation

Co-sponsor

RILEM The International Union of Laboratories and Experts in
Construction Materials, Systems and Structures

ES -Federation of European Simulation Societies

EUCEET – European Civil Engineering Education and
Training

Invitation to IC-CEIE 2024:

It is our pleasure to invite you to participate in the International Conference on Civil Engineering, Infrastructure and Environment 2024. IC-CEIE is an international peer reviewed conference which publishes works of the scientists as well as practitioners in interested areas.

This Conference is part of the 13th UBT International Conference for Business, Technology and Innovation. The main focus this year will be **Resilience and Sustainability**.

Scope and Objectives:

The aim of the conference is to facilitate the exchange of knowledge between innovative academics, doctoral candidates, post-graduate students, young researchers, researchers and industrial experts and to share views and experiences in the field of Civil Engineering, Infrastructure and Environment and other related areas.

The scope of the conference covers but is not limited to:

- Assessment and Rehabilitation of Civil Structures
- Composites in Construction
- Advanced Acoustic Challenges in Infrastructure
- Bridges
- Construction technology
- Civil Engineering Surveying
- Cement Based Materials
- Concrete technology, durability and advanced material testing

- Construction and Project Management
- Computational Engineering
- Dam Safety
- Durability of Structures
- Environmental Engineering
- Energy efficiency and building materials
- Engineering Management
- Earthquake Engineering
- Fire Structural Design
- Geotechnical Earthquake Engineering
- GIS
- Heritage constructions
- Hydraulic engineering
- Infrastructure and transport systems
- Innovative building methods
- Multi-Hazard Risk Assessment
- Modelling of Concrete Durability
- Numerical Modeling in Geotechnical Engineering
- Nanotechnology
- Optimization - Structural Optimization and Sensitivity Analysis
- Pavements in Infrastructure
- Reinforced Concrete and Masonry Structures
- Road & Bridge engineering
- Railway Engineering
- Reliability-based Design Optimization (RBDO)
- Rock Mechanics
- Structural Engineering
- Structural dynamics
- Steel and Composite Constructions
- Sustainability and life-cycle assessment of concrete materials and structures
- Sustainable Building Materials
- Self-Healing Concrete
- Soil-Structure Interaction (static and dynamic)
- Soil Mechanics and Geotechnical Engineering
- Seismic Isolation
- Smart Materials
- Transport and Highways Engineering
- Timber Structures
- Water Resources Engineering
- Water Treatment
- Wind Engineering

Paper submission:

The material submitted for presentation in our conference must be original, not published or being considered elsewhere. The maximum length is 6 pages. For details regarding the accepted standards please visit our website. The papers that do not fulfil the format criteria will not be considered.

Publication Opportunities:

All papers accepted for presentation will be published in peer reviewed conference proceedings and also they will be hosted on-line on our conference website. The presented papers will be further considered for possible publication in International Journal of Business and Technology (ISSN 2223-8387), Simulation Notes Europe (ISSN 2306-0271) and other partner and related journals. The published articles will be provided a DOI number by UBT.
